**News for this week**

### Scholastic books

The Scholastic Book fair will be at school during parents evenings next Monday 11th and Tuesday 12th November. Every book bought will earn rewards for the school. There are also £25 worth of free books to be won. For every book bought, a raffle ticket will be issued and 5 x £5 Scholastic book vouchers will be awarded to the lucky winners, who can choose a book to bring home. Parents can either pay for books by cash, pay securely by phone, by cheque or by bringing a pre-bought on-line Gift Voucher (worth 20% extra free). For more information on Gift Vouchers: https://bookfairs.scholastic.co.uk/gift-vouchers.

We raised a massive £550 to spend on school books last year.

### PTFA

Thank you to the PTFA and their supporters for their combined hard work in raising funds to help children in school. This year, they are contributing to 6 touchscreen interactive display boards (one in every class), helping to improve Reception and Year 1 outside play areas, a new maths initiative called Timeslab Rock Stars, subsidising class trips, developing the spiritual and forest school areas and again subsidising swimming lessons for all. They are hoping to raise enough funds this year to reduce swimming costs even further for parents.

A big, big, big thank you!

### Fireworks

This Friday night is the annual PTFA Fireworks night. Gates open at 5.30pm with food and refreshments available. The display will begin at 6.30pm. Please buy your tickets from the school office, any available tickets will be on sale at the gate on Friday evening.

### Bikeability Y6

Year 6 will be taking part in their Bikeability next week. Please can their bikes and helmets be in school first thing Monday morning. We will store the bikes over night in school.

### T4U Shoeboxes

The deadline to have shoeboxes in is tomorrow by 12pm please. Thank you so very much for the ones already donated.

### PTFA Firework Night

**Date: 6th November 2019 Issue 72**
**Reception**

We have been watching the leaves on the trees change colour as it is Autumn.

We made a dinosaur nest with lots of eggs in it which we decorated.

We are starting to learn our number bonds to 10.

**Year 1**

In year 1, we have had great fun rearranging our classroom and setting new table spaces! We are learning how to write instructions this week by making toast! Yum!

**Year 2**

An action-packed 2nd day back! We have started our topic on Africa and we are currently learning all about Conservation. So, watch this space to find out more!

**Year 3**

We went outside to collect the Autumn leaves. In Art we have been learning how to blend colours.

In Science, we learnt about food groups. Protein helps you grow.

**Year 4**

We are glad that Miss Jackson had such an amazing time in South Africa. We saw lots of pictures and she told us all about her adventures. She’s had a trip of a lifetime!

**Year 5**

We have been getting ready for our exhibition in the church next Wednesday. It would be really great if some of you visited us there and saw our work.

In English we are writing up our story about Black Saturday.

**Year 6**

This week, we have been finishing off our longboats in DT. We are so impressed with the Longhouses some children have produced as their project over half term—well done! (See photos below).

On Thursday, we’ll be baking unleavened bread—Viking bread!

What can go in my shoebox?

Please choose a selection of items from those suggested below – this is not meant to be an exhaustive list (more ideas are available on our website) but please do not include anything from the 'NO' list.

For boys or girls:
Toothbrush & toothpaste, hair accessories/brush, soap & face cloth, stationery & paper, gloves, hat & scarf, new socks/underwear

Please also include:
A soft toy, game, puzzle, small musical instruments, toy vehicles, small rubber ball/inflatable ball, sweets (use by date from March), a photo of yourself.

The Home box:
Candles, cooking utensils (no knives), *plastic containers, t-towels (preferably decorative), hairbrush, small toiletries, plastic utensils, bowls & cups, small Christmas decoration, small decorative item, soap, washing up clothes, clothes pegs, headscarves, new socks/underwear, jewellery, make-up.

Please DO NOT include:
Food (only exception is sweets), medicines, military themed items (such as toy soldiers/tanks/guns), aerosols or anything highly flammable, sharp items, novels.

Looking for more ideas?
Please visit our YouTube channel to watch videos of example shoeboxes being made.

Please be aware each area has its own collection dates and drop-off points. Please drop off your box here by the date given:

Otherwise visit our website or call our office on 01978 310110 for a list of your local drop-off points and the collection dates in your area.

real people making a real difference

Please ensure all items are in good condition and undamaged. All shoeboxes are checked and we reserve the right to remove any unacceptable items. Sometimes we may have to change a shoebox to meet our packaging requirements.
Changing lives, one box at a time...

What to do:

Just love from me to you – each shoebox is given out in deprived communities in Eastern Europe bringing joy and excitement into an often bleak existence.

1. Use our Flat-pack OR Find an empty shoebox – preferably medium size. If needed, wrap the lid and the box separately in Christmas paper.

2. Boy, girl or home? Choose who you'd like your box to go to and fill out the label. Please stick to the front of your shoebox lid. Additional labels can be downloaded from our website if needed.

3. Personalise your shoebox – take a look at the list of gift ideas in this leaflet. More ideas are also available online. Please do not include anything from the NO list.

4. Make your donation – please complete the attached form in this leaflet and enclose it in the envelope provided along with the recommended donation of £2.50 and place inside your shoebox. You can also make your donation online at www.teams4u.com. Any contribution will help us to deliver your boxes to the children so please don't forget this crucial donation, thank you.

5. Drop off your shoebox – please close your box with an elastic band and take to your nearest collection point. Please remember to check the collection dates in your local area.

For information on appeal dates and drop-off points please either ring 01975 310110 or visit our website.
Suggested Apps and Games for 7-11 Years

Learning

MAGPIE PIANO BY SMILE

Magic Piano doesn't strictly teach you how to play the piano, it even teach hand-eye coordination and can help spark creativity among young kids. Users can play along to a variety of popular songs and explore in the world of music. You can even sing along with the song while having fun. Your child can stick out and be the center of attention.

AZOOME

Azoome offers over 1,000 games, videos and activities for kids of all ages to play, fun and most importantly, help develop their key skills. The app is award-winning, and is supported by the NSPCC (according to the description on their app page) and comes with a suite of parental controls built in. As well as educational games, activities and kid's favorite TV shows, the app also has a built-in chat feature where parents can talk to their kids safely. A nice little touch is that if you buy a subscription to Azooome for unlimited premium content for £4.90 a month, a portion of the money raised goes towards supporting the NSPCC. The app is available on iOS, Android and Amazon.

POLY BRIDGE

Poly Bridge could be easily enjoyed solely as a game, it's actually an incredible way to learn about civil engineering and building skills in a kid-friendly way! It's a fun and challenging environment for kids to learn new skills in a video game. Rated PG.

CROSSWORLD PUZZLES (WUBU APPS LTD)

Crossword puzzles might not immediately seem like a learning game for younger kids, but they are a fantastic exercise for building word skills and problem solving. This one is WUBU Apps Limited's ad-free iOS version and can be downloaded for £2.99. It's designed to help improve word skills and has endless hours of wordplay. It's suitable for all ages and is available on iOS and Android.

SCRIBBLECO nanauts UNLIMITED

Scribbleonauts is a game for kids that actively encourages children to use their imagination to solve a variety of puzzles. Adult sponsored games are powerful tools for promoting imaginative play in young kids, players must complete levels by conjuring potentially useful items for your character. It's available on Mac, PC, Nintendo Switch and Android.

SUPER MARIO ODYSSEY

Just for Fun

NETFLIX

As obvious as it may sound, Netflix's children's section is ideal for keeping young kids entertained and out of trouble on long journeys or at home. The specific profile for kids allows them to watch and choose from a wide range of shows and films, which are appropriate for their age range, at any time. Curated playlists, easy navigation through TV series and movies, and a favorite auto-play means a lot of free guarantees! The only downside to the app is that it requires a Netflix subscription in order to use it. If you're happy to pay the monthly fee, it's an absolute must for any parent.

MINECRAFT

Minecraft is one of those rare, timeless classics that can be enjoyed by every age group. Playing in both a console version and a pocket edition for mobile devices, the sandbox world building fun in Minecraft can be an amazing place to let your imagination run wild. The game can be played online with friends and supports cross-play, meaning that no matter what device everybody has, it can be played together in the game. It isn't, of course, indefinitely possible for the whole family to get the treatment of a single game, but Minecraft has a wide range of games and it is perfect for challenging friends. The single-player game is available on all iOS and Android devices, as well as the Amazon Kindle Store and you can also purchase a free copy of the soundtrack for the purchase.

LEGO MOVIE MAKER 2

The LEGO Movie Maker 2 app lets users create their own stop motion movies and upload them for others to watch online. Kids can create a short LEGO movie in whatever genre they like using a range of easy to use tools, and are able to add sounds and visual effects to make the movie look super realistic. All movies are modified before they make it online, so you can be sure no sensitive information is uploaded or shared by third parties. The app is free to download on both iOS and Android devices but does require creation of a LEGO account to upload videos. The only information needed for an account is your first name, your email address and date of birth. While it's rated 4, it's total 8 and will get the most out of this one.

ADVENTURES OF POCO ECO: LOST SOUNDS

If something more slow-paced and chilled out is on your radar, Adventures of Poco Eco should be able to scratch that itch. With an emphasis on creating a rich and buildings world, you can throw sandpaper over your hardware or enjoy some nature. The game has plenty of activities for surrounding young minds, as opposed to challenging them. The single-player game is available on all iOS and Android devices, as well as the Amazon Kindle Store and you can also purchase a free copy of the soundtrack with the purchase.

Meet our expert

Mark Foster has worked in the gaming industry for 9 years as a writer, editor and presenter. He is the current gaming editor of two of the biggest gaming news sites in the world, UNILAD Gaming and GamingBible. Starting gaming from a young age with his in-laws, he has a passion for understanding how games and tech works, but more importantly, how to make them safe and fun.

Users of this guide do so at their own discretion. No liability is entered into. Current as of the date of release: 30.10.2019
FISH SCHOOL HD
This app teaches young children to read about important things like
animals, shapes, numbers and more. It’s an interactive
underwater world with over 60 levels and activities. It’s
educational and entertaining for children as young as
3 years old. The app includes games, quizzes, and
interactions that are designed to help children
learn about different aspects of the sea. It also features
pictures and videos of real-life marine creatures to
make learning more fun. The app is available on iOS
and Android.

GREEN EGGS AND HAM - DR. SEUSS
The classic Dr. Seuss book has been reimagined into an
interactive and educational experience for children.
With this app, children can read the story aloud along
with the original audio. They can also interact with
pictures and text to learn more about the characters
and the story.

TOCA LAB: ELEMENTS
Toca Lab is the app of choice for encouraging little
scientists to get hands-on with scientific experiments.
It includes elements like Hydrogen, Oxygen, and
reactions. It teaches basic science concepts and
helps children understand how scientific experiments
work. It includes over 100 experiments and activities.

BAREFOOT WORLD ATLAS
What's the next best thing to travelling the world? Visit
this app and explore the world like never before. It
includes detailed maps of every country and
compares their culture, history, and traditions. The
app also includes a feature that allows you to
search for landmarks and attractions.

SKETCHBOOK - DRAW AND PAINT (AUTODESK SKETCHBOOK ON IOS)
A fun and engaging drawing app for young artists.
It includes a wide range of tools and effects to create
beautiful artworks. It’s perfect for children of all ages
and is available on iOS.

LITTLE FRIENDS: CATS & DOGS
This app is perfect for children who love animals. It
includes pictures, videos, and facts about different
dogs and cats. The app also includes games and
activities that help children learn more about these
adorable pets.

LITTLE FRIENDS: CATS & DOGS

YOUTUBE KIDS
This app is perfect for children who love watching
videos. It includes a curated selection of content
for children of all ages. The app also includes
features like parental controls and a safe search
mode.

BBC iPLAYER KIDS
This app is designed for children and it allows
them to watch their favorite BBC shows. It
includes a feature that allows children to
personalize their viewing experience.

ROCKET LEAGUE
The concept behind Rocket League takes elements
of football and soccer and combines them into a
fast-paced, high-energy game. It includes
multiple modes and challenges, making it fun
for players of all ages.
