Reception

We drew our own fire engines and made a huge one from a cardboard box. We are still working hard on our letters and sounds.
We had a go at writing using speech bubbles.

Year 1

This week year 1 have been writing a story of Room on the Broom and looking at their number bonds to 20.
We have also been planning a day where we can start to fix our year 1 play area. We would love as many volunteers as possible! Please talk to Cat in the office if you think you could help us, please see the attached poster for more information.

Year 2

We are all enjoying our animal conservation topic which has lead us to working on bees and their decline in the United Kingdom.
We are lucky enough to have 2 different bee experts coming to visit us this week to discuss bee habitats, behaviours and conservation. Our bee stories are now all in a published book and our display in the corridor is creating a ‘buzz’ in school.

Year 3

We are looking forward to our cake and craft sale on Friday. We have been busy making crafts to sell and some of us learnt finger knitting. Look out around school for our posters about the cake sale. In English we have been writing instructions for how to make a cake. In Maths, we have started to learn about measurement.

Year 4

This week, we have written and hopefully, by the time the news letter goes out, finished our Tinga Tinga Tales. We have created our own versions of the stories, the 3 titles we have used are...’Why Zebra has stripes’ ‘Why Zebra has stripes’ ‘Why Lion roars’ or ‘Why Pangolin has scales’. They are AMAZING.

Year 5

In Topic, we have been learning about the man who walked between the towers and we are finding it very interesting. We have been multiplying and dividing fractions. In History we have made a twin tower each and have been looking into facts and figures about New York.

Year 6

This week in Maths, we have been revising fractions and decimals. In Art we have been looking at Pietre Mondrain, the abstract artist. By Evan.
