## News for this week

Date: 29th April 2020 Issue 92

We've been busy at school this week despite the rain, we've managed to get outside for some daily exercise and have been working hard in English and Maths.

### Boat competition winners!

Firstly, wow! I was blown away with the amount of competition entries and the high quality of the boats. Secondly, thank you for taking part and getting involved, it is great to take part in a whole school project whilst we can't be together. Prizes will be available from Friday, collect from the office!

From Miss Jackson.

**The winners of the boat competition are:**

1st Place - Samuel Y3

2nd place - Selina Y3

3rd place - Oliver and Alexander Y2

Photos over the page.

### Reception/ Year 1

We have been carrying on learning the story of the ginger-bread man. We have been busy doing letters and sounds and writing about the story. In Maths, we have been learning how to tell the time.

### Year 2/3/4

We have been learning about sound! We then made our own musical instruments. We used recycled materials and we had a whole range of percussion instruments. Later this week we're making flags and rockets!

### Year 5/6

We've been learning all about Anglo Saxon times in year 5/6. We looked at life in an Anglo Saxon village and made our own replica model!

We've also learnt about crime and punishment during these times and used this information to write diaries.

In Maths we've looked at perimeter and missing lengths.

We are making rockets and hope we to win!

### Rocket competition

Reminder about the Rocket completion entries need to be in by tomorrow for the winners to be announced on Friday 1st May.

Please email [admin@nailsworth.gloucs.sch.uk](mailto:admin@nailsworth.gloucs.sch.uk)

### Bug houses

Thank you for the bug houses that we have received so far. Keep them coming in. Email

# Mini beasts challenge for you all to take part

A close up of part of our solitary bee hotel. Empty snail shells are great houses for bugs!

This is a photo of our solitary bee hotel at school. Solitary bees lay their eggs in hollow pieces of vegetation

## Could you create a bugtastic bug hotel?

Email: [admin@nailsworth.gloucs.sch.uk](mailto:admin@nailsworth.gloucs.sch.uk)

An insect hotel can be made from a plant pot filled with garden vegetation

Hollow bamboo is a good place for solitary bees to lay their eggs

We challenge you to create a special home for insects and mini-beasts in your garden or any outdoor space.

Take a photo and send it in to school for us to put on the website for everyone to see!

Here's a simple idea: Just water a piece of ground, cover with an upside-down plate and leave it for a while. Bugs of all kinds will move in!
